### BJP is working for bringing change in System: Dr Singh

political parties. We don't work for power, instead we work for service of people.

Dr Singh said that everyone likes power transformation, but BJP is a party which works with the target of bringing change in the system along with establishing a strong and prosperous nation. Addressing the august gathering of party office-bearers, he said, "Sun will rise and 'Kamal' will blossom as darkness will diminish, this is the Mul Mantra the former Prime Minister Late Atal Behari Vajpayee had given during Mumbai congregation, with which, the party is striving ahead even today. At a time when all the political parties are passing through a phase where they lack ideology and forethoughts, the BJP which is cherished with nationalism and integral humanism, thinks of prosperous and empowered nation.

Dr Singh said that at a time when Kashmir was given the status of Special State due to the appeasement policy of the then Prime Minister Pt Nehru and the Rashtriya Swayamsewak Sangh was banned by leveling false allega-

tions, then Jan Sangha came into existence under the leadership of Late Dr Syama Prasad Mukherjee in 1951. Later, Dr S P Mukherjee sacrificed his life for Jammu and Kashmir. Praising the courageous initiative of abrogation of Article 370 and 35A by the NDA Government, he said Bharatiya Jana Sangh in its first election manifesto had promised to abrogate Article 370, which was fulfilled by NDA Government.

Dr Singh further said that in this endeavor, the BJP workers not only went to jail and were subjected to cane charges, but also sacrificed their lives. The BJP workers have seen the atrocities against them during Emergency imposed by the then Prime Minister Indira Gandhi. Our party workers have went through a long struggle and the journey from Jan Sangha to BJP had been full of struggles, including the struggle for Ram Mandir. He called upon all the party workers to be prepared for all favourable or adverse situations and this training programme thus have its significance.

BJP State President Vishnu Deo Sai said that not all of us are workers of the largest party in the world. The functioning of the BJP and its ideology and such training programmes, set us apart from other political parties. We work on the philosophy of Vasudhaiva Kutumbakam. He said this is possible only in BJP where a lowest level party worker can become National President. Present during the programme were Leader of Opposition Dharamlal Kaushik, Pawan Sai, Rampratap Singh, Deepak Patel and other senior BJP office-bearers and workers.

According to police sources, the victim doctor identified as Dr Varsha Danwani (36), posted in Kalibadi District Hospital and a resident of a locality close to BTI Ground under Khamardih police station limits, was tricked by a fraudster on the pretext of sending a gift.

Recently, Dr Danwani had received a friend request on Facebook from a person and as the person introduced himself as a paediatrician named as Dr Mike, the victim doctor accepted the request.

"As the exchange of messages took place between them, the accused proposed of sending a gift to Dr Danwani but she refused. Despite repeated refusal, the conman keeps on asking for

permission to send the gift following which the victim accepted the request.
